

Office Use Only**CAMPDOWNE 2008**
International Scout & Guide Camp**New Horizons**Downe, Kent, UK
24th July - 2nd August

The details on this form will aid the Admin Team with their planning for the event. Please be as accurate as you can.

Contingent Name: _____

Contingent Leader Name: _____

For Overseas Contingents:

We can arrange transport from points of entry into England. We will advise on cost when we know your requirements. Do you need transport from the airport/ferry terminal? Yes / No

If yes give anticipated time and place of arrival.

If you do not need transport, what is your anticipated time of arrival at Campdowne 2008.

Will you need us to supply camping or cooking equipment? If so, please specify your requirements:

Access is limited to the site and we need to know if you will be bringing a vehicle and its size. Please give details of vehicle(s).

As transport is provided for activities, vehicles staying on site will be parked in a long-stay car park and will not be allowed to drive around or on and off the site. How many vehicles will be staying on site?

We are able to supply a limited amount of Home Hospitality after the camp, will your contingent require home hospitality?

If you wish to request being in a specific sub-camp please state which.

For Home Contingents:

What will be your anticipated time of arrival at Campdowne 2008 on the 24th July?

Access is limited to the site and we need to know if you will be bringing a vehicle and its size. Please give details of vehicle(s).

As transport is provided for activities, vehicles staying on site will be parked in a long-stay car park and will not be allowed to drive around or on and off the site. How many vehicles will be staying on site?

We are able to supply a limited amount of Home Hospitality after the camp, will your contingent require home hospitality?

If you wish to request being in a specific sub-camp please state which.

If you have any further notes/requirements you would like to make us aware of, please write them here (continue on reverse if necessary):
